Fas/TNFRSF6/CD95 Antibody (DX2) [PE]

| <b>Product Information</b>         |                                                                                                                                                     |
|------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>                   | 1 ml                                                                                                                                                |
| <b>Concentration</b>               | Please see the vial label for concentration. If unlisted please contact technical services.                                                         |
| <b>Storage</b>                     | Store at 4C. Do not freeze.                                                                                                                         |
| <b>Clonality</b>                   | Monoclonal                                                                                                                                          |
| <b>Clone</b>                       | DX2                                                                                                                                                 |
| <b>Preservative</b>                | Sodium Azide                                                                                                                                        |
| <b>Isotype</b>                     | IgG1                                                                                                                                                |
| <b>Conjugate</b>                   | PE                                                                                                                                                  |
| <b>Purity</b>                      | Protein A or G purified                                                                                                                             |
| <b>Buffer</b>                      | PBS and a stabilizing agent                                                                                                                         |
| <b>Product Description</b>         |                                                                                                                                                     |
| <b>Host</b>                        | Mouse                                                                                                                                               |
| <b>Gene ID</b>                     | 355                                                                                                                                                 |
| <b>Gene Symbol</b>                 | FAS                                                                                                                                                 |
| <b>Species</b>                     | Human, Monkey, Rhesus Macaque                                                                                                                       |
| <b>Reactivity Notes</b>            | Human.                                                                                                                                              |
| <b>Specificity/Sensitivity</b>     | Human CD95/Fas/Apo-1                                                                                                                                |
| <b>Immunogen</b>                   | Human CD95 transfected L cells                                                                                                                      |
| <b>Notes</b>                       | Conjugated forms should be protected from prolonged exposure to light.                                                                              |
| <b>Product Application Details</b> |                                                                                                                                                     |
| <b>Applications</b>                | Flow Cytometry, Immunohistochemistry, Immunohistochemistry-Frozen, Immunoprecipitation                                                              |
| <b>Recommended Dilutions</b>       | Flow Cytometry 10 uL/10 <sup>6</sup> cells, Immunohistochemistry 1:10-1:500, Immunoprecipitation 1:10-1:500, Immunohistochemistry-Frozen 1:10-1:500 |
