## Cyclin T2 Antibody (1H3) - Azide and BSA Free H00000905-M03

Unit Size: 0.1 mg

Aliquot and store at -20C or -80C. Avoid freeze-thaw cycles.

| Description             | Quality control test: Antibody Reactive Against Recombinant Protein.                                                                                                                                                                     |
| Host                    | Mouse                                                                                                                                                                                                                                    |
| Gene ID                 | 905                                                                                                                                                                                                                                      |
| Gene Symbol             | CCNT2                                                                                                                                                                                                                                    |
| Species                 | Human                                                                                                                                                                                                                                    |
| Specificity/Sensitivity | Reacts with cyclin T2.                                                                                                                                                                                                                   |
| Immunogen               | CCNT2 (NP_490595, 264 a.a. ~ 370 a.a) partial recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.<br>RKPKVDGQVSETPLLGSSLVQNSILVDSVTGVPTNPSFQKPSTSAFPAPVPLNS<br>GNISVQDSHTSDNLSMLATGMPSTSYGLSSHQEWPHQDSARTEQLYSQKQ<br>ET |
| Notes                   | This product is produced by and distributed for Abnova, a company based in Taiwan.                                                                                                                                                       |

| Product Application Details |                                                                                 |
|-----------------------------|---------------------------------------------------------------------------------|
| Applications                | Western Blot, ELISA, Sandwich ELISA                                             |
| Recommended Dilutions       | Western Blot, ELISA, Sandwich ELISA                                             |
| Application Notes           | Antibody reactivity against cell lysate in WB and recombinant protein in ELISA. |

## Images

Western Blot: Cyclin T2 Antibody (1H3) [H00000905-M03] - Analysis of CCNT2 expression in Jurkat (Cat # L017V1).

Sandwich ELISA: Cyclin T2 Antibody (1H3) [H00000905-M03] - Detection limit for recombinant GST tagged CCNT2 is 0.3 ng/ml as a capture antibody.
