| Notes                       | This product is produced by and distributed for Abnova, a company based in Taiwan.                                                                                                                                                                                          |
| Product Application Details |                                                                                                                                                                                                                                                                             |
| Applications                | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence, Sandwich ELISA                                                                                                                                                                                                |
| Recommended Dilutions       | Western Blot 1:500, ELISA, Immunocytochemistry/ Immunofluorescence, Sandwich ELISA                                                                                                                                                                                          |
| Application Notes           | Antibody reactive against recombinant protein with GST tag on ELISA and Western Blot. GST tag alone is used as a negative control.                                                                                                                                          |

## Images

Immunocytochemistry/Immunofluorescence: HRSP12 Antibody (2B8) [H00010247-M01] - Analysis of monoclonal antibody to HRSP12 on HeLa cell . Antibody concentration 10 ug/ml.

Sandwich ELISA: HRSP12 Antibody (2B8) [H00010247-M01] - Detection limit for recombinant GST tagged HRSP12 is approximately 3ng/ml as a capture antibody.
