| Application Notes           | Antibody reactive against Recombinant Protein with GST tag on ELISA and Western Blot and also on transfected lysate in western blot. GST tag alone is used as a negative control.                                                                                                                                                                                      |

## Images

Western Blot: SNX11 Antibody [H00029916-B01P] - Analysis of SNX11 expression in transfected 293T cell line by SNX11 polyclonal antibody. Lane 1: SNX11 transfected lysate(29.81 KDa). Lane 2: Non-transfected lysate.
