## RNF220 Antibody (5E5) - Azide and BSA Free H00055182-M01

Unit Size: 0.1 mg

Aliquot and store at -20C or -80C. Avoid freeze-thaw cycles.

| Description                 | Novus Biologicals Mouse RNF220 Antibody (5E5) - Azide and BSA Free (H00055182-M01) is a monoclonal antibody validated for use in ELISA and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee.            |
| Host                        | Mouse                                                                                                                                                                                                                             |
| Gene ID                     | 55182                                                                                                                                                                                                                             |
| Gene Symbol                 | RNF220                                                                                                                                                                                                                            |
| Species                     | Human                                                                                                                                                                                                                             |
| Reactivity Notes            | Human. Other species not tested.                                                                                                                                                                                                  |
| Specificity/Sensitivity     | C1orf164 - hypothetical protein FLJ10597                                                                                                                                                                                          |
| Immunogen                   | FLJ10597 (NP_060620, 468 a.a. ~ 566 a.a) partial recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.<br>QEAMQKTCKNSDIEKITEDSAVTTFEALKARVRELERQLSRGDRYKCLICMDSY<br>SMPLTSIQCWHVHCEECLWRLTLGAKKLCPQCNTITAPGDLRRIYL |
| Notes                       | This product is produced by and distributed for Abnova, a company based in Taiwan.                                                                                                                                                |
| Product Application Details |                                                                                                                                                                                                                                   |
| Applications                | ELISA, Immunocytochemistry/ Immunofluorescence, Sandwich ELISA                                                                                                                                                                    |
| Recommended Dilutions       | ELISA, Immunocytochemistry/ Immunofluorescence, Sandwich ELISA                                                                                                                                                                    |
| Application Notes           | Antibody reactive against recombinant protein on ELISA. GST alone used as a negative control.                                                                                                                                     |

## Images

Immunocytochemistry/Immunofluorescence: RNF220 Antibody (5E5) [H00055182-M01] - Analysis of monoclonal antibody to RNF220 on HeLa cell . Antibody concentration 10 ug/ml.

Sandwich ELISA: RNF220 Antibody (5E5) [H00055182-M01] - Detection limit for recombinant GST tagged C1orf164 is approximately 0.03ng/ml as a capture antibody.
