| Notes                   | This product is produced by and distributed for Abnova, a company based in Taiwan.                                                                                                                                                                                                                                                                                                                                                                                             |

| Product Application Details |                                                                                                                                                                                                                                                                 |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                                                                                      |
| Recommended Dilutions       | Western Blot 1:500, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry-Paraffin                                                                                                                                                |
| Application Notes           | Antibody reactive against Recombinant Protein with GST tag on ELISA and Western Blot and also on transfected lysate in western blot. GST tag alone is used as a negative control. Has also been used for immunofluorescence and immunohistochemistry (paraffin) |

## Images

Western Blot: TSNAXIP1 Antibody [H00055815-B01P] - Analysis of TSNAXIP1 expression in transfected 293T cell line by TSNAXIP1 polyclonal antibody. Lane 1: TSNAXIP1 transfected lysate(40.26 KDa). Lane 2: Non-transfected lysate.

Immunocytochemistry/Immunofluorescence: TSNAXIP1 Antibody [H00055815-B01P] - Analysis of purified antibody to TSNAXIP1 on HeLa cell. (antibody concentration 10 ug/ml)

Immunohistochemistry-Paraffin: TSNAXIP1 Antibody [H00055815-B01P] - Analysis of purified antibody to TSNAXIP1 on formalin-fixed paraffin-embedded human stomach. (antibody concentration 3 ug/ml)
