| Notes                   | This product is produced by and distributed for Abnova, a company based in Taiwan.                                                                                                                                                                                                                |

| Product Application Details |                                                                                                                        |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot                                                                                                           |
| Recommended Dilutions       | Western Blot                                                                                                           |
| Application Notes           | This antibody is reactive against tissue and transfected lysate in western blot, and as a detection antibody in ELISA. |

## Images

Western Blot: RERGL Antibody [H00079785-B01P] - Analysis of FLJ22655 expression in human kidney.

Western Blot: RERGL Antibody [H00079785-B01P] - Analysis of RERGL expression in transfected 293T cell line by RERGL polyclonal antibody.  
Lane 1: FLJ22655 transfected lysate(22.55 KDa). Lane 2: Non-transfected lysate.
