| Notes                   | This product is produced by and distributed for Abnova, a company based in Taiwan.                                                                                                                                                                                                                                                                                           |

| Product Application Details |                                                                                                                                                                                   |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot                                                                                                                                                                      |
| Recommended Dilutions       | Western Blot 1:500                                                                                                                                                                |
| Application Notes           | Antibody reactive against Recombinant Protein with GST tag on ELISA and Western Blot and also on transfected lysate in western blot. GST tag alone is used as a negative control. |

## Images

Western Blot: ZNF397 Antibody [H00084307-D01P] - Analysis of ZNF397 expression in transfected 293T cell line by ZNF397 polyclonal antibody. Lane 1: ZNF397 transfected lysate(31.10 KDa). Lane 2: Non-transfected lysate.
