| <b>Storage</b>                     | Store at 4C.                                                                                                                                                                                 |
| <b>Product Description</b>         |                                                                                                                                                                                              |
| <b>Description</b>                 | TF (Dog) ELISA Kit is a highly sensitive two-site enzyme linked immunoassay for the quantitative determination of TF in dog biological samples.                                              |
| <b>Gene ID</b>                     | 7018                                                                                                                                                                                         |
| <b>Gene Symbol</b>                 | TF                                                                                                                                                                                           |
| <b>Species</b>                     | Canine                                                                                                                                                                                       |
| <b>Kit Components</b>              | Diluent Concentrate, Wash Solution Concentrate, Enzyme-Antibody Conjugate Concentrate, TMB Substrate Solution, Stop Solution, Microtiter Plate, Dog Transferrin Calibrator, Positive Control |
| <b>Notes</b>                       | This product is produced by and distributed for Abnova, a company based in Taiwan.                                                                                                           |
| <b>Standard Curve Range</b>        | 6.25 to 400 ng/mL                                                                                                                                                                            |
| <b>Sensitivity</b>                 | 3.304                                                                                                                                                                                        |
| <b>Assay Type</b>                  | Two-site enzyme-linked immunoassay                                                                                                                                                           |
| <b>Suitable Sample Type</b>        | Plasma, Serum                                                                                                                                                                                |
| <b>Sample Volume</b>               | 100 uL                                                                                                                                                                                       |
| <b>Product Application Details</b> |                                                                                                                                                                                              |
| <b>Applications</b>                | ELISA, Quantification                                                                                                                                                                        |
| <b>Recommended Dilutions</b>       | ELISA, Quantification                                                                                                                                                                        |
| <b>Application Notes</b>           | Useful for quantification.                                                                                                                                                                   |
