SIRT6 Antibody [FITC]

Storage Store at 4C in the dark. Clonality Polyclonal Preservative 0.05% Sodium Azide Isotype IgG Conjugate FITC Purity Immunogen affinity purified Buffer PBS Target Molecular Weight 39 kDa Product Description Host Rabbit Gene ID 51548 Gene Symbol SIRT6 Species Human Reactivity Notes Human. Immunogen sequence has 78% homology to mouse protein and 71% homology to rat. Immunogen A synthetic peptide made to an internal region of the human SIRT6 protein (within residues 250-350). [Swiss-Prot Q8N6T7] Product Application Details Application Notes Western Blot Recommended Dilutions Western Blot Application Notes This SIRT6 antibody is useful for Western blot analysis, where a band is seer -39 kDa. A higher MW band -59 kDa may be seen with lower dilutions (ie: 2 ug/ml). This antibody is not applicable for Immunocychemistry / Immunofluorescence. The observed molecular weight of the protein may vary from the listed predicted molecular weight due to post translational modification	Circle 7 thusbody [1 11 O]	
Concentration Please see the vial label for concentration. If unlisted please contact technical services. Storage Store at 4C in the dark. Clonality Polyclonal Preservative 0.05% Sodium Azide Isotype IgG Conjugate FITC Purity Immunogen affinity purified Buffer PBS Target Molecular Weight 39 kDa Product Description Host Rabbit Gene ID 51548 Gene Symbol SIRT6 Species Human Reactivity Notes Human. Immunogen sequence has 78% homology to mouse protein and 71% homology to rat. Immunogen A synthetic peptide made to an internal region of the human SIRT6 protein (within residues 250-350). [Swiss-Prot Q8N6T7] Product Application Details Applications Western Blot Recommended Dilutions Western Blot Application Notes This SIRT6 antibody is useful for Western blot analysis, where a band is seer -39 kDa. A higher MW band -59 kDa may be seen with lower dilutions (ie: 2 ug/ml). This antibody is not applicable for Immunocytochemistry / Immunofluorescence. The observed molecular weight of the protein may vary from the listed predicted molecular weight due to post translational modification.	Product Information

homology to rat. Immunogen A synthetic peptide made to an internal region of the human SIRT6 protein (within residues 250-350). [Swiss-Prot Q8N6T7] Product Application Details Applications Western Blot Western Blot This SIRT6 antibody is useful for Western blot analysis, where a band is seen ~39 kDa. A higher MW band ~59 kDa may be seen with lower dilutions (ie: 2 ug/ml). This antibody is not applicable for Immunocytochemistry / Immunofluorescence. The observed molecular weight of the protein may vary from the listed predicted molecular weight due to post translational modification.	Species	Human
(within residues 250-350). [Swiss-Prot Q8N6T7] Product Application Details Applications Western Blot Western Blot This SIRT6 antibody is useful for Western blot analysis, where a band is seen ~39 kDa. A higher MW band ~59 kDa may be seen with lower dilutions (ie: 2 ug/ml). This antibody is not applicable for Immunocytochemistry / Immunofluorescence. The observed molecular weight of the protein may vary from the listed predicted molecular weight due to post translational modification.	Reactivity Notes	Human. Immunogen sequence has 78% homology to mouse protein and 71% homology to rat.
Applications Recommended Dilutions Western Blot Western Blot Application Notes This SIRT6 antibody is useful for Western blot analysis, where a band is seen ~39 kDa. A higher MW band ~59 kDa may be seen with lower dilutions (ie: 2 ug/ml). This antibody is not applicable for Immunocytochemistry / Immunofluorescence. The observed molecular weight of the protein may vary from the listed predicted molecular weight due to post translational modification.	Immunogen	
Recommended Dilutions Application Notes This SIRT6 antibody is useful for Western blot analysis, where a band is seen ~39 kDa. A higher MW band ~59 kDa may be seen with lower dilutions (ie: 2 ug/ml). This antibody is not applicable for Immunocytochemistry / Immunofluorescence. The observed molecular weight of the protein may vary from the listed predicted molecular weight due to post translational modification.	Product Application Details	
Application Notes This SIRT6 antibody is useful for Western blot analysis, where a band is seen ~39 kDa. A higher MW band ~59 kDa may be seen with lower dilutions (ie: 2 ug/ml). This antibody is not applicable for Immunocytochemistry / Immunofluorescence. The observed molecular weight of the protein may vary from the listed predicted molecular weight due to post translational modification.	Applications	Western Blot
~39 kDa. A higher MW band ~59 kDa may be seen with lower dilutions (ie: 2 ug/ml). This antibody is not applicable for Immunocytochemistry / Immunofluorescence. The observed molecular weight of the protein may vary from the listed predicted molecular weight due to post translational modification.	Recommended Dilutions	Western Blot
post translation cleavages, relative charges, and other experimental factors.	Application Notes
