Bcl-2 related protein A1 Antibody

| Product Information         |                                                                                                                                                                             |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.05 ml                                                                                                                                                                     |
| Concentration               | This product is unpurified. The exact concentration of antibody is not quantifiable.                                                                                        |
| Storage                     | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                                                                                      |
| Clonality                   | Polyclonal                                                                                                                                                                  |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                          |
| Isotype                     | IgG                                                                                                                                                                         |
| Purity                      | Unpurified                                                                                                                                                                  |
| Buffer                      | Whole antisera                                                                                                                                                              |
| Product Description         |                                                                                                                                                                             |
| Host                        | Rabbit                                                                                                                                                                      |
| Gene ID                     | 597                                                                                                                                                                         |
| Gene Symbol                 | BCL2A1                                                                                                                                                                      |
| Species                     | Human, Mouse, Rat, Gerbil                                                                                                                                                   |
| Immunogen                   | A synthetic peptide corresponding to amino acids 34-51 (CRVLQRVAFSVQKEVEKN) of mouse A1 was used as immunogen; GenBank no. AAH28762.1 Mouse A1 is a 172 amino acid protein. |
| Product Application Details |                                                                                                                                                                             |
| Applications                | Western Blot, Immunoprecipitation                                                                                                                                           |
| Recommended Dilutions       | Western Blot 1:1000-1:2000, Immunoprecipitation 1:50-1:200                                                                                                                  |
