**NB100-56137**

DEDD2 Antibody

**Product Information**

|                      |                                                                                        |
|----------------------|----------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.05 ml                                                                                |
| <b>Concentration</b> | This product is unpurified. The exact concentration of antibody is not quantifiable.   |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles. |
| <b>Clonality</b>     | Polyclonal                                                                             |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                     |
| <b>Isotype</b>       | IgG                                                                                    |
| <b>Purity</b>        | Unpurified                                                                             |
| <b>Buffer</b>        | Whole antisera                                                                         |

**Product Description**

|                    |                                                                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>        | Rabbit                                                                                                                                                                 |
| <b>Gene ID</b>     | 162989                                                                                                                                                                 |
| <b>Gene Symbol</b> | DEDD2                                                                                                                                                                  |
| <b>Species</b>     | Human, Rat, Bovine, Canine, Primate                                                                                                                                    |
| <b>Immunogen</b>   | A synthetic peptide corresponding to amino acids 210-228 (GPALEQGVASRRPQALARQ) of human DEDD2/Flame-3 was used as immunogen; GenBank no. gi 19923050 ref NP_579874.1 . |

**Product Application Details**

|                              |                                                                                                                               |
|------------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, Immunohistochemistry, Immunohistochemistry-Paraffin, Immunoprecipitation                                        |
| <b>Recommended Dilutions</b> | Western Blot 1:1000-1:2000, Immunohistochemistry, Immunoprecipitation 1:50-1:200, Immunohistochemistry-Paraffin 1:1000-1:5000 |

**Images**

Immunohistochemistry-Paraffin: DEDD2 Antibody [NB100-56137] - DEDD2 was detected in immersion fixed paraffin-embedded sections of human spleen using Rabbit Anti-Human DEDD2 polyclonal Antibody (Catalog # NB100-56137) at 1:1000 for 1 hour at room temperature followed by incubation with the Anti-Rabbit IgG VisUCyte™ HRP Polymer Antibody (Catalog # VC003). Tissue was stained using DAB (brown) and counterstained with hematoxylin (blue). Specific staining was localized to the cytoplasm and plasma membrane in splenocytes
