**NB100-88118**

USP1 Antibody - BSA Free

**Product Information**

|                      |                                       |
|----------------------|---------------------------------------|
| <b>Unit Size</b>     | 100 ul                                |
| <b>Concentration</b> | 1.0 mg/ml                             |
| <b>Storage</b>       | Store at 4C. Do not freeze.           |
| <b>Clonality</b>     | Polyclonal                            |
| <b>Preservative</b>  | 0.09% Sodium Azide                    |
| <b>Isotype</b>       | IgG                                   |
| <b>Purity</b>        | Immunogen affinity purified           |
| <b>Buffer</b>        | Tris-Citrate/Phosphate (pH 7.0 - 8.0) |

**Product Description**

|                    |                                                                                                                                                                                                        |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>        | Rabbit                                                                                                                                                                                                 |
| <b>Gene ID</b>     | 7398                                                                                                                                                                                                   |
| <b>Gene Symbol</b> | USP1                                                                                                                                                                                                   |
| <b>Species</b>     | Human                                                                                                                                                                                                  |
| <b>Immunogen</b>   | The immunogen recognized by this antibody maps to a region between residue 584 and 634 of human ubiquitin-specific-processing protease 1 using the numbering given in entry NP_003359.3 (GenelD 7398). |

**Product Application Details**

|                              |                                                             |
|------------------------------|-------------------------------------------------------------|
| <b>Applications</b>          | Immunoprecipitation                                         |
| <b>Recommended Dilutions</b> | Immunoprecipitation 1:10-1:500                              |
| <b>Application Notes</b>     | This antibody is not recommended for Western Blot analysis. |

**Images**

Immunoprecipitation: USP1 Antibody [NB100-88118] - WB of Immunoprecipitates. Whole cell lysate (1 mg for IP, 20% of IP loaded) from HeLa cells. Affinity purified rabbit anti-USP1 antibody NB100-88118 used for IP at 3 mcg/mg lysate. USP1 was also immunoprecipitated by rabbit anti-USP1 antibodies NB100-88116 and NB100-88117, which recognize upstream epitopes.
