Rabbit anti-Goat IgG Fc Secondary Antibody [FITC]

| Product Information |                                 |
|---------------------|---------------------------------|
| Unit Size           | 1 ml                            |
| Concentration       | 1.0 mg/ml                       |
| Storage             | Store at 4C. Do not freeze.     |
| Clonality           | Polyclonal                      |
| Preservative        | 0.09% Sodium Azide              |
| Conjugate           | FITC                            |
| Purity              | Immunogen affinity purified     |
| Buffer              | Phosphate Buffered Saline (PBS) |

| Product Description     |                                                                                                                              |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Rabbit                                                                                                                       |
| Species                 | Goat                                                                                                                         |
| Specificity/Sensitivity | By immunoelectrophoresis and ELISA this reacts specifically with goat IgG. This may cross react with IgG from other species. |
| Immunogen               | Goat IgG-Fc Fragment                                                                                                         |

| Product Application Details |                                                                                                             |
|-----------------------------|-------------------------------------------------------------------------------------------------------------|
| Applications                | Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                |
| Recommended Dilutions       | Immunohistochemistry, Immunocytochemistry/ Immunofluorescence 1:200 - 1:2000, Immunohistochemistry-Paraffin |
