NBA1-07083**N OLLAS Vector****Product Information**

Unit Size	0.01 mg
Concentration	Please see the protocols for proper use of this product. If no protocol is available, contact technical services for assistance.
Storage	Store at -20C. Avoid freeze-thaw cycles.
Buffer	5 mM Tris pH 8.0

Product Description

Specificity/Sensitivity	pCMV-N OLLAS Vector for the intracellular expression of N-terminally OLLAS-tagged protein.
--------------------------------	--

Product Application Details

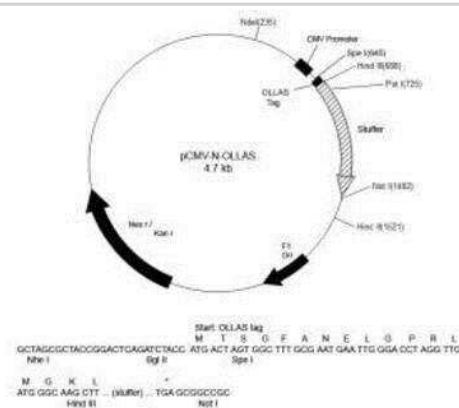

Application Notes	Using the N-OLLAS vector the protein will be expressed in the cytoplasm. We recommend inserting your protein of interest into the vector in frame using the Hind III and Not I restriction sites shown on the vector map above. Bacterial selection can be performed using Kanamycin, while Neomycin resistance can be used for screening mammalian transfectants.
--------------------------	--
