

Product Datasheet

PP2C alpha/PPM1A Antibody (p6c7) - BSA Free NBP1-04333

Unit Size: 0.1 ml

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

NBP1-04333

PP2C alpha/PPM1A Antibody (p6c7) - BSA Free

Product Information	
Unit Size	0.1 ml
Concentration	1.0 mg/ml
Storage	Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.
Clonality	Monoclonal
Clone	p6c7
Preservative	0.02% Sodium Azide
Isotype	IgG2b Kappa
Purity	Protein G purified
Buffer	PBS (pH 7.4), 10% Glycerol
Target Molecular Weight	42 kDa
Product Description	
Host	Mouse
Gene ID	5494
Gene Symbol	PPM1A
Species	Human
Immunogen	Recombinant human PP2C alpha/PPM1A (1-382aa) purified from E. coli (NP_066283).
Product Application Details	
Applications	Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence
Recommended Dilutions	Western Blot 1:250-1:1000, ELISA 1:100-1:2000, Immunocytochemistry/ Immunofluorescence

Images

Western Blot: PP2C alpha/PPM1A Antibody (p6c7) [NBP1-04333] - Effect of NOX1 knockdown on phosphatase activity and expression in HT-29 cells. Western analysis demonstrates the protein expression and phosphorylation status of several members of the protein-tyrosine and serine/threonine phosphatase families, respectively, in HT-29, SC, and 6A cells. As described under "Experimental procedures," the band intensities have been quantitated; comparisons were made between parental HT-29 cells, the SC scrambled controls, and the 6A knockdown clones. Each intensity calculation is the mean \pm S.D. of 2-7 individual experiments. Image collected and cropped by CiteAb from the following publication (<https://www.jbc.org/lookup/doi/10.1074/jbc.M116.768283>) licensed under a CC-BY license.

Western Blot: PP2C alpha/PPM1A Antibody (p6c7) [NBP1-04333] - Mouse liver cytosol extract was resolved by electrophoresis, transferred to PVDF membrane and probed with anti-PP2Calpha(1:250). Proteins were visualized using a goat anti-mouse secondary antibody conjugated to HRP and a DAP detection system. Arrow indicates PP2Calpha (~43kDa).
