**NBP1-19116**

PPIG Antibody

| Product Information |                             |
|---------------------|-----------------------------|
| Unit Size           | 0.1 ml                      |
| Concentration       | 0.2 mg/ml                   |
| Storage             | Store at 4C. Do not freeze. |
| Clonality           | Polyclonal                  |
| Preservative        | 0.09% Sodium Azide          |
| Isotype             | IgG                         |
| Purity              | Immunogen affinity purified |
| Buffer              | TBS and 0.1% BSA            |

| Product Description |                                                                                                                                                                                                            |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                | Rabbit                                                                                                                                                                                                     |
| Gene ID             | 9360                                                                                                                                                                                                       |
| Gene Symbol         | PPIG                                                                                                                                                                                                       |
| Species             | Human                                                                                                                                                                                                      |
| Immunogen           | The immunogen recognized by this antibody maps to a region between residue 375 and 325 of human SR-cyclophilin (Peptidyl-prolyl isomerase G) using the numbering given in entry NP_004783.2 (GeneID 9360). |

| Product Application Details |                                                                                         |
|-----------------------------|-----------------------------------------------------------------------------------------|
| Applications                | Western Blot, Immunohistochemistry, Immunoprecipitation                                 |
| Recommended Dilutions       | Western Blot 1:2000-1:10000, Immunohistochemistry, Immunoprecipitation 2-5 ug/mg lysate |

## Images

Western Blot: PPIG Antibody [NBP1-19116] - Whole cell lysate from HeLa cells. SRcyp was also immunoprecipitated by rabbit anti-SRcyp antibody NBP1-19117.

Immunohistochemistry: PPIG Antibody [NBP1-19116] - Sample: FFPE section of human breast carcinoma. Antibody: Affinity purified rabbit anti-SRcyp used at a dilution of 1:200 (1ug/ml). Detection: DAB
