| <b>Product Information</b> |                                                                                                                  |
|----------------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>           | 100ul                                                                                                            |
| <b>Concentration</b>       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>             | Aliquot and store at -20C or -80C. Avoid freeze-thaw cycles.                                                     |
| <b>Clonality</b>           | Polyclonal                                                                                                       |
| <b>Preservative</b>        | 0.01% Thimerosal                                                                                                 |
| <b>Isotype</b>             | IgG                                                                                                              |
| <b>Purity</b>              | Antigen Affinity-purified                                                                                        |
| <b>Buffer</b>              | PBS (pH 7), 20% Glycerol, 1% BSA                                                                                 |

| <b>Product Description</b> |                                                                                                                                                                                   |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Novus Biologicals Rabbit CCT8 Antibody (NBP1-33486) is a polyclonal antibody validated for use in IHC and WB. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>                | Rabbit                                                                                                                                                                            |
| <b>Gene ID</b>             | 10694                                                                                                                                                                             |
| <b>Gene Symbol</b>         | CCT8                                                                                                                                                                              |
| <b>Species</b>             | Human, Mouse                                                                                                                                                                      |
| <b>Immunogen</b>           | Recombinant protein encompassing a sequence within the center region of human CCT8. The exact sequence is proprietary.                                                            |

| <b>Product Application Details</b> |                                                                                                          |
|------------------------------------|----------------------------------------------------------------------------------------------------------|
| <b>Applications</b>                | Western Blot, Immunohistochemistry-Paraffin, Immunohistochemistry                                        |
| <b>Recommended Dilutions</b>       | Western Blot 1:1000-1:10000, Immunohistochemistry 10 - 1:500, Immunohistochemistry-Paraffin 1:100-1:1000 |

## Images

Immunohistochemistry-Paraffin: CCT8 Antibody [NBP1-33486] - TCP1 theta antibody detects TCP1 theta protein at cytoplasm in human breast carcinoma by immunohistochemical analysis. Sample: Paraffin-embedded human breast carcinoma. TCP1 theta antibody diluted at 1:500.

Western Blot: CCT8 Antibody [NBP1-33486] - Sample (50 ug of whole cell lysate) A: Mouse brain 7. 5% SDS PAGE; antibody diluted at 1:5000.

Immunohistochemistry-Paraffin: CCT8 Antibody [NBP1-33486] - Paraffin-embedded OVCAR3 xenograft, using antibody at 1:500 dilution.

Western Blot: CCT8 Antibody [NBP1-33486] - Various whole cell extracts (30 ug) were separated by 7.5% SDS-PAGE, and the membrane was blotted with CCT8 antibody [N2C2], Internal (NBP1-33486) diluted at 1:1000. The HRP-conjugated anti-rabbit IgG antibody was used to detect the primary antibody.
