**NBP1-36956****FEM1A Antibody**

| Product Information |                                                        |
|---------------------|--------------------------------------------------------|
| Unit Size           | 0.1 mg                                                 |
| Concentration       | 0.5 mg/ml                                              |
| Storage             | Store at -20C. Avoid freeze-thaw cycles.               |
| Clonality           | Polyclonal                                             |
| Preservative        | 0.02% Sodium Azide                                     |
| Isotype             | IgG                                                    |
| Purity              | Immunogen affinity purified                            |
| Buffer              | Tris saline (20 mM Tris pH 7.3, 150 mM NaCl), 0.5% BSA |

| Product Description |                                                                                              |
|---------------------|----------------------------------------------------------------------------------------------|
| Host                | Goat                                                                                         |
| Gene ID             | 55527                                                                                        |
| Gene Symbol         | FEM1A                                                                                        |
| Species             | Human                                                                                        |
| Immunogen           | Peptide with sequence C-GFIPEDLEAFIELH corresponding to C-Terminus according to NP_061178.1. |

| Product Application Details |                                                                                                                      |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Peptide ELISA                                                                                          |
| Recommended Dilutions       | Western Blot 1 - 3 ug/ml, Peptide ELISA Detection limit 1:4000                                                       |
| Application Notes           | WB: Approx. 73.6 kDa band observed in human heart lysates (calculated MW of 73.6 kDa band according to NP_061178.1). |

**Images**

Western Blot: FEM1A Antibody [NBP1-36956] - (1ug/ml) staining of Human Heart lysate (35ug protein in RIPA buffer). Primary incubation was 1 hour. Detected by chemiluminescence.
