## GLP-2R Antibody

| Product Information         |                                                                                                       |
|-----------------------------|-------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.05 mg                                                                                               |
| Concentration               | 1.0 mg/ml                                                                                             |
| Storage                     | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                |
| Clonality                   | Polyclonal                                                                                            |
| Preservative                | 0.1% Sodium Azide                                                                                     |
| Isotype                     | IgG                                                                                                   |
| Purity                      | Immunogen affinity purified                                                                           |
| Buffer                      | PBS                                                                                                   |
| Product Description         |                                                                                                       |
| Host                        | Rabbit                                                                                                |
| Gene ID                     | 9340                                                                                                  |
| Gene Symbol                 | GLP2R                                                                                                 |
| Species                     | Human, Monkey                                                                                         |
| Reactivity Notes            | Predicted cross-reactivity based on sequence identity: Gorilla (100%), Gibbon (100%), Marmoset (81%). |
| Specificity/Sensitivity     | Human GLP2R. BLAST analysis of the peptide immunogen showed no homology with other human proteins.    |
| Immunogen                   | Synthetic 16 amino acid peptide from C-terminus of human GLP2R.                                       |
| Product Application Details |                                                                                                       |
| Applications                | Immunohistochemistry, Immunohistochemistry-Paraffin                                                   |
| Recommended Dilutions       | Immunohistochemistry, Immunohistochemistry-Paraffin 10 ug/ml                                          |
| Application Notes           | IHC-P: Requires pretreatment with Proteinase K.                                                       |
