|--------------------------------|----------------------------------------------------------------------------------------|
| <b>Unit Size</b>               | 100 ul                                                                                 |
| <b>Concentration</b>           | 0.5 mg/ml                                                                              |
| <b>Storage</b>                 | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles. |
| <b>Clonality</b>               | Polyclonal                                                                             |
| <b>Preservative</b>            | 0.09% Sodium Azide                                                                     |
| <b>Isotype</b>                 | IgG                                                                                    |
| <b>Purity</b>                  | Affinity purified                                                                      |
| <b>Buffer</b>                  | PBS, 2% Sucrose                                                                        |
| <b>Target Molecular Weight</b> | 42 kDa                                                                                 |

**Product Description**

|                    |                                                                                                                                                                                                                                                                                                                               |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | The addition of 50% glycerol is optional for those storing this antibody at -20C and not aliquoting smaller units. However, please note that glycerol may interrupt some downstream antibody applications and should be added with caution.                                                                                   |
| <b>Host</b>        | Rabbit                                                                                                                                                                                                                                                                                                                        |
| <b>Gene ID</b>     | 84457                                                                                                                                                                                                                                                                                                                         |
| <b>Gene Symbol</b> | PHYHIPL                                                                                                                                                                                                                                                                                                                       |
| <b>Species</b>     | Human                                                                                                                                                                                                                                                                                                                         |
| <b>Immunogen</b>   | Synthetic peptides corresponding to PHYHIPL (phytanoyl-CoA 2-hydroxylase interacting protein-like) The peptide sequence was selected from the C terminal of PHYHIPL. Peptide sequence QDVILEVIYTDPVDLSVGTVAEITGHQLMSLSTANAKKDPSCKTCNISVG. The peptide sequence for this immunogen was taken from within the described region. |

**Product Application Details**

|                              |                        |
|------------------------------|------------------------|
| <b>Applications</b>          | Western Blot           |
| <b>Recommended Dilutions</b> | Western Blot 1.0 ug/ml |

**Images**

Western Blot: PHYHIPL Antibody [NBP1-68963] - Titration: 0.2-1 ug/ml, Positive Control: Hela cell lysate.
