TP53INP2 Antibody [DyLight 550]

| Product Information         |                                                                                                                            |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                     |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                |
| Storage                     | Store at 4C in the dark.                                                                                                   |
| Clonality                   | Polyclonal                                                                                                                 |
| Preservative                | 0.05% Sodium Azide                                                                                                         |
| Isotype                     | IgG                                                                                                                        |
| Conjugate                   | DyLight 550                                                                                                                |
| Purity                      | Immunogen affinity purified                                                                                                |
| Buffer                      | 50mM Sodium Borate                                                                                                         |
| Product Description         |                                                                                                                            |
| Host                        | Rabbit                                                                                                                     |
| Gene ID                     | 58476                                                                                                                      |
| Gene Symbol                 | TP53INP2                                                                                                                   |
| Species                     | Human, Mouse                                                                                                               |
| Reactivity Notes            | Immunogen has 81% identity to rat.                                                                                         |
| Immunogen                   | A genomic peptide made to a C-terminal region of the human TP53INP2 protein (within residues 100-220). [Swiss-Prot Q8IXH6] |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                          |
| Product Application Details |                                                                                                                            |
| Applications                | Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                               |
| Recommended Dilutions       | Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry-Paraffin                               |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                     |
