|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 1 mg                                                                                                                                                                                             |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                                                                                      |
| Storage                     | Store at 4C. Do not freeze.                                                                                                                                                                      |
| Clonality                   | Polyclonal                                                                                                                                                                                       |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                               |
| Isotype                     | IgG                                                                                                                                                                                              |
| Purity                      | Affinity purified                                                                                                                                                                                |
| Buffer                      | 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                                           |
| Product Description         |                                                                                                                                                                                                  |
| Description                 | Purity > 95% based on SDS-PAGE. Goat serum was obtained from healthy animals of US origin and under the care of a registered veterinarian.                                                       |
| Host                        | Goat                                                                                                                                                                                             |
| Species                     | Mouse                                                                                                                                                                                            |
| Reactivity Notes            | Based on IEP, no reactivity is observed to non-immunoglobulin mouse serum proteins and human IgG or serum proteins                                                                               |
| Specificity/Sensitivity     | Based on IEP, this antibody reacts with heavy chains on mouse IgG + IgM and light chains on all mouse immunoglobulins. This antibody has been pre-adsorbed against human IgG and serum proteins. |
| Immunogen                   | Purified Mouse IgG + IgM                                                                                                                                                                         |
| Product Application Details |                                                                                                                                                                                                  |
| Applications                | Western Blot, ELISA, Immunoassay, Immunohistochemistry                                                                                                                                           |
| Recommended Dilutions       | Western Blot 1:100-1:2000, ELISA 1:100-1:2000, Immunohistochemistry 1:10 - 1:500, Immunoassay                                                                                                    |
| Application Notes           | This antibody is suitable for all immunoassay applications.                                                                                                                                      |
