ZNF281 Antibody - BSA Free

| Product Information |                           |
|---------------------|---------------------------|
| Unit Size           | 0.1 mg                    |
| Concentration       | 1 mg/ml                   |
| Storage             | Store at 4C.              |
| Clonality           | Polyclonal                |
| Preservative        | 0.02% Sodium Azide        |
| Isotype             | IgG                       |
| Purity              | Peptide affinity purified |
| Buffer              | PBS                       |

| Product Description |                                                                                                                                                                                                                    |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit ZNF281 Antibody - BSA Free (NBP1-76551) is a polyclonal antibody validated for use in WB, ELISA and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee.           |
| Host                | Rabbit                                                                                                                                                                                                             |
| Gene ID             | 23528                                                                                                                                                                                                              |
| Gene Symbol         | ZNF281                                                                                                                                                                                                             |
| Species             | Human, Mouse                                                                                                                                                                                                       |
| Immunogen           | Antibody was raised against a 19 amino acid synthetic peptide near the carboxy terminus of human ZFP281. The immunogen is located within amino acids 600 - 650 of ZFP281. Amino Acid Sequence: YSNKSESQKEDPFNIAEPR |

| Product Application Details |                                                                                              |
|-----------------------------|----------------------------------------------------------------------------------------------|
| Applications                | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence                                 |
| Recommended Dilutions       | Western Blot 0.5 ug/ml, ELISA 1:100-1:2000, Immunocytochemistry/ Immunofluorescence 20 ug/mL |

## Images

Western Blot: ZNF281 Antibody [NBP1-76551] - Analysis in A-20 cell lysate with antibody at 0.5 ug/mL.

Immunocytochemistry/ Immunofluorescence: ZNF281 Antibody - BSA Free [NBP1-76551] - Immunofluorescence of ZFP291 in A20 cells with ZFP291 antibody at 20 ug/mL.
