|----------------------|----------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 mg                                                                                 |
| <b>Concentration</b> | 1 mg/ml                                                                                |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles. |
| <b>Clonality</b>     | Polyclonal                                                                             |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                     |
| <b>Isotype</b>       | IgG                                                                                    |
| <b>Purity</b>        | Peptide affinity purified                                                              |
| <b>Buffer</b>        | PBS                                                                                    |

**Product Description**

|                    |                                                                                                                                                                                                             |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Rabbit TLR6 Antibody - BSA Free (NBP1-76664) is a polyclonal antibody validated for use in IHC, WB, ELISA and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>        | Rabbit                                                                                                                                                                                                      |
| <b>Gene ID</b>     | 10333                                                                                                                                                                                                       |
| <b>Gene Symbol</b> | TLR6                                                                                                                                                                                                        |
| <b>Species</b>     | Human                                                                                                                                                                                                       |
| <b>Immunogen</b>   | TLR6 antibody was raised against a peptide corresponding to 13 amino acids near the center of human TLR6. The immunogen is located within amino acids 390 - 440 of TLR6.                                    |

**Product Application Details**

|                              |                                                                                       |
|------------------------------|---------------------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence                          |
| <b>Recommended Dilutions</b> | Western Blot 0.5-2 ug/ml, ELISA 1:100-1:2000, Immunocytochemistry/ Immunofluorescence |

## Images

Western Blot: TLR6 Antibody [NBP1-76664] - Jurkat cell lysate with TLR6 antibody at (A) 0.5, (B) 1 and (C) 2 ug/ml.

Immunocytochemistry/ Immunofluorescence: TLR6 Antibody - BSA Free [NBP1-76664] - Immunocytochemistry of TLR6 in Jurkat cells with TLR6 antibody at 2 ug/mL.
