| Clonality                   | Polyclonal                                                                                                                                                                                                                                           |
| Preservative                | 0.02% Sodium Azide                                                                                                                                                                                                                                   |
| Isotype                     | IgG                                                                                                                                                                                                                                                  |
| Purity                      | Peptide affinity purified                                                                                                                                                                                                                            |
| Buffer                      | PBS                                                                                                                                                                                                                                                  |
| Target Molecular Weight     | 16 kDa                                                                                                                                                                                                                                               |
| Product Description         |                                                                                                                                                                                                                                                      |
| Host                        | Rabbit                                                                                                                                                                                                                                               |
| Gene ID                     | 332                                                                                                                                                                                                                                                  |
| Gene Symbol                 | BIRC5                                                                                                                                                                                                                                                |
| Species                     | Mouse                                                                                                                                                                                                                                                |
| Reactivity Notes            | Predicted species reactivity based on immunogen sequence: Rat: (83%)                                                                                                                                                                                 |
| Immunogen                   | This Survivin Antibody was developed against a synthetic peptide corresponding to amino acids near the carboxy terminus of mouse Survivin. The immunogen recognized by this Survivin Antibody is located within the last 50 amino acids of Survivin. |
| Product Application Details |                                                                                                                                                                                                                                                      |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, ELISA, Immunohistochemistry                                                                                                                                                                             |
| Recommended Dilutions       | Western Blot 1 ug/mL, ELISA, Immunohistochemistry, Immunohistochemistry-Paraffin 10 ug/ml                                                                                                                                                            |
| Application Notes           | mSurvivin antibody can be used for detection of survivin by Western blot at 1 to 2 mg/ml. An approximate 17 kDa band can be detected.                                                                                                                |
