## QTRTD1 Antibody - BSA Free

### NBP1-83706

Unit Size: 0.1 ml

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

| Clonality                   | Polyclonal                                                                                                                                                                                             |
| Preservative                | 0.02% Sodium Azide                                                                                                                                                                                     |
| Isotype                     | IgG                                                                                                                                                                                                    |
| Purity                      | Immunogen affinity purified                                                                                                                                                                            |
| Buffer                      | PBS (pH 7.2) and 40% Glycerol                                                                                                                                                                          |
| Product Description         |                                                                                                                                                                                                        |
| Description                 | Novus Biologicals Rabbit QTRTD1 Antibody - BSA Free (NBP1-83706) is a polyclonal antibody validated for use in IHC, WB and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                        | Rabbit                                                                                                                                                                                                 |
| Gene ID                     | 79691                                                                                                                                                                                                  |
| Gene Symbol                 | QTRT2                                                                                                                                                                                                  |
| Species                     | Human                                                                                                                                                                                                  |
| Reactivity Notes            | Immunogen displays the following percentage of sequence identity for non-tested species: Mouse (87%)                                                                                                   |
| Immunogen                   | This antibody was developed against Recombinant Protein corresponding to amino acids:<br>DKPRLISGVSRPDEVLECIERGVDLFESFFPYQVTERGCALTFSFDYQPNPEET<br>LLQQNGTQEEIKCMDQIKKIETTGC                           |
| Product Application Details |                                                                                                                                                                                                        |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                                                              |
| Recommended Dilutions       | Western Blot 0.04-0.4 ug/ml, Immunohistochemistry 1:200 - 1:500, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:200 - 1:500                                     |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended. ICC/IF Fixation Permeabilization: Use PFA/Triton X-100.                                                                                          |

## Images

Western Blot: QTRTD1 Antibody [NBP1-83706] - Lane 1: Marker [kDa]  
230, 130, 95, 72, 56, 36, 28, 17, 11. Lane 2: Human cell line RT-454

Immunocytochemistry/Immunofluorescence: QTRTD1 Antibody [NBP1-83706] - Staining of human cell line A-431 shows localization to nucleoplasm & intermediate filaments. Antibody staining is shown in green.

Immunohistochemistry-Paraffin: QTRTD1 Antibody [NBP1-83706] - Staining of human colon shows strong cytoplasmic and nuclear positivity in glandular cells.
