## Dysbindin Antibody - BSA Free

### NBP1-85300

Unit Size: 0.1 ml

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

Dysbindin Antibody - BSA Free

| Product Information |                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                                           |
| Concentration       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| Clonality           | Polyclonal                                                                                                       |
| Preservative        | 0.02% Sodium Azide                                                                                               |
| Isotype             | IgG                                                                                                              |
| Purity              | Immunogen affinity purified                                                                                      |
| Buffer              | PBS (pH 7.2) and 40% Glycerol                                                                                    |

| Product Description |                                                                                                                                                                                                           |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit Dysbindin Antibody - BSA Free (NBP1-85300) is a polyclonal antibody validated for use in IHC, WB and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Rabbit                                                                                                                                                                                                    |
| Gene ID             | 84062                                                                                                                                                                                                     |
| Gene Symbol         | DTNBP1                                                                                                                                                                                                    |
| Species             | Human                                                                                                                                                                                                     |
| Immunogen           | This antibody was developed against Recombinant Protein corresponding to amino acids:<br>GLKTLSDKSREAKVKSKPRTVPFLPKYSAGLELLSRYEDTWAALHRRRAKDCAS<br>AGELVDSEVVMLSAHWEKK                                    |

| Product Application Details |                                                                                                                                                                    |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                          |
| Recommended Dilutions       | Western Blot 0.04-0.4 ug/ml, Immunohistochemistry 1:200 - 1:500, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:200 - 1:500 |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.<br>Immunocytochemistry/Immunofluorescence Fixation Permeabilization: Use PFA/Triton X-100.                   |

## Images

Western Blot: Dysbindin Antibody [NBP1-85300] - Analysis in control (vector only transfected HEK293T lysate) and DTNBP1 over-expression lysate (Co-expressed with a C-terminal myc-DDK tag (3.1 kDa) in mammalian HEK293T cells).

Immunocytochemistry/Immunofluorescence: Dysbindin Antibody [NBP1-85300] - Immunofluorescent staining of human cell line U-2 OS shows localization to microtubules.

Immunohistochemistry-Paraffin: Dysbindin Antibody [NBP1-85300] - Staining of human urinary bladder shows moderate cytoplasmic and luminal membrane positivity in urothelial cells.
