**NBP1-85326**

HLA DMB Antibody - BSA Free

| Product Information |                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                                           |
| Concentration       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| Clonality           | Polyclonal                                                                                                       |
| Preservative        | 0.02% Sodium Azide                                                                                               |
| Isotype             | IgG                                                                                                              |
| Purity              | Immunogen affinity purified                                                                                      |
| Buffer              | PBS (pH 7.2) and 40% Glycerol                                                                                    |

| Product Description |                                                                                                                                                                                                  |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit HLA DMB Antibody - BSA Free (NBP1-85326) is a polyclonal antibody validated for use in IHC. All Novus Biologicals antibodies are covered by our 100% guarantee.         |
| Host                | Rabbit                                                                                                                                                                                           |
| Gene ID             | 3109                                                                                                                                                                                             |
| Gene Symbol         | HLA-DMB                                                                                                                                                                                          |
| Species             | Human                                                                                                                                                                                            |
| Immunogen           | This antibody was developed against Recombinant Protein corresponding to amino acids:<br>AGGFVAHVESTCLDDAGTPKDFTYCISFNKDLLTCWDPEENKMAPCEFGVLN<br>SLANVLSQHLNQKDTLMQRLRNLQNCATHTQPFWGSLTNRTRPPSVQ |

| Product Application Details |                                                                               |
|-----------------------------|-------------------------------------------------------------------------------|
| Applications                | Immunohistochemistry-Paraffin, Immunohistochemistry                           |
| Recommended Dilutions       | Immunohistochemistry 1:50 - 1:200, Immunohistochemistry-Paraffin 1:50 - 1:200 |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.                         |

**Images**

Immunohistochemistry-Paraffin: HLA DMB Antibody [NBP1-85326] - Staining of human lymph node shows strong cytoplasmic positivity in reaction center cells and lymphoid cells outside reaction centra.
