|----------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 ml                                                                                                           |
| <b>Concentration</b> | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| <b>Clonality</b>     | Polyclonal                                                                                                       |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                                               |
| <b>Isotype</b>       | IgG                                                                                                              |
| <b>Purity</b>        | Immunogen affinity purified                                                                                      |
| <b>Buffer</b>        | PBS (pH 7.2) and 40% Glycerol                                                                                    |

**Product Description**

|                    |                                                                                                                                                                                                                       |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Rabbit SP1 Antibody - BSA Free (NBP1-89458) is a polyclonal antibody validated for use in IHC, WB and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee.                   |
| <b>Host</b>        | Rabbit                                                                                                                                                                                                                |
| <b>Gene ID</b>     | 6667                                                                                                                                                                                                                  |
| <b>Gene Symbol</b> | SP1                                                                                                                                                                                                                   |
| <b>Species</b>     | Human                                                                                                                                                                                                                 |
| <b>Immunogen</b>   | This antibody was developed against Recombinant Protein corresponding to amino acids:<br>NGGGAFSQARSSSTGSSSSTGGGGQESQPSPLALLAATCSRIESPNENSNNNS<br>QGPSQSGGTGELDLTATQLSQGANGWQIISSSSGATPTSKEQSGSSTNGSNG<br>SESSKNRTVSG |

**Product Application Details**

|                              |                                                                                                                                                                    |
|------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, Immunohistochemistry-Paraffin, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                          |
| <b>Recommended Dilutions</b> | Western Blot 0.04-0.4 ug/ml, Immunohistochemistry 1:200 - 1:500, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:200 - 1:500 |
| <b>Application Notes</b>     | For IHC-Paraffin, HIER pH 6 retrieval is recommended.<br>Immunocytochemistry/Immunofluorescence Fixation Permeabilization: Use PFA/Triton X-100.                   |

## Images

Staining of human cell line U-2 OS shows localization to nucleoplasm.

Immunohistochemistry-Paraffin: SP1 Antibody [NBP1-89458] - Staining of human skin shows moderate nuclear positivity in squamous epithelial cells.

Immunohistochemistry-Paraffin: SP1 Antibody [NBP1-89458] - Staining of human Fallopian tube shows strong nuclear positivity in glandular cells.

Immunohistochemistry-Paraffin: SP1 Antibody [NBP1-89458] - Staining of human kidney shows strong nuclear positivity in cells in glomeruli.

Immunohistochemistry-Paraffin: SP1 Antibody [NBP1-89458] - Staining of human skeletal muscle shows weak nuclear positivity in myocytes.

Analysis using Anti-SP1 antibody NBP1-89458 (A) shows similar pattern to independent antibody NBP1-85812 (B).
