

# Product Datasheet

## C2orf76 Antibody - BSA Free

### NBP1-91732

Unit Size: 0.1 ml

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

| Buffer                      | PBS (pH 7.2) and 40% Glycerol                                                                                                                                                                   |
| Product Description         |                                                                                                                                                                                                 |
| Description                 | Novus Biologicals Rabbit C2orf76 Antibody - BSA Free (NBP1-91732) is a polyclonal antibody validated for use in IHC and WB. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                        | Rabbit                                                                                                                                                                                          |
| Gene ID                     | 130355                                                                                                                                                                                          |
| Gene Symbol                 | C2ORF76                                                                                                                                                                                         |
| Species                     | Human                                                                                                                                                                                           |
| Reactivity Notes            | Immunogen displays the following percentage of sequence identity for non-tested species: Mouse (87%)                                                                                            |
| Immunogen                   | This antibody was developed against Recombinant Protein corresponding to amino acids:<br>MAPGEVTITVRLIRSF EHRNFKPVVYHGVNLDQTVKEFIVFLKQDVPLRTNLPPP<br>FRNYKYD                                    |
| Product Application Details |                                                                                                                                                                                                 |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunohistochemistry                                                                                                                               |
| Recommended Dilutions       | Western Blot 0.04-0.4 ug/ml, Immunohistochemistry 1:20 - 1:50, Immunohistochemistry-Paraffin 1:20 - 1:50                                                                                        |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.                                                                                                                                           |

## Images

Western Blot: C2orf76 Antibody [NBP1-91732] - Analysis in control (vector only transfected HEK293T lysate) and C2orf76 over-expression lysate (Co-expressed with a C-terminal myc-DDK tag (3.1 kDa) in mammalian HEK293T cells).

Immunohistochemistry-Paraffin: C2orf76 Antibody [NBP1-91732] - Staining of human kidney shows strong cytoplasmic positivity in cells in tubules.

Analysis in control (vector only transfected HEK293T lysate) and C2orf76 over-expression lysate (Co-expressed with a C-terminal myc-DDK tag (~3.1 kDa) in mammalian HEK293T cells).
