#### NBP2-03112

PUS7 Antibody (OTI5F12)

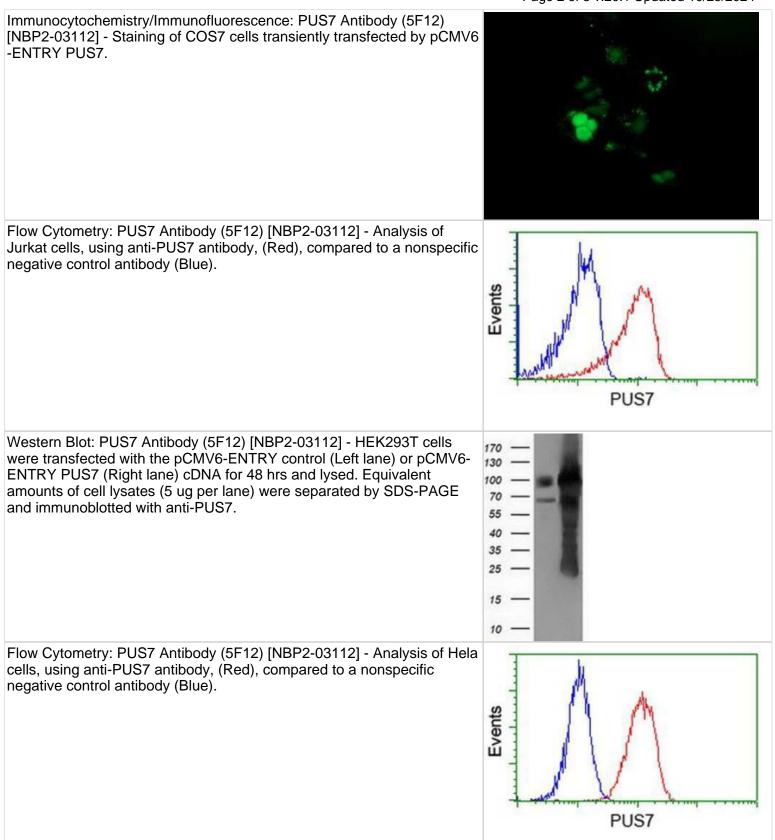

Product Information           Unit Size         0.1 ml           Concentration         1 mg/ml           Storage         Store at -20C. Avoid freeze-thaw cycles.           Clonality         Monoclonal           Clone         OTISF12           Preservative         0.02% Sodium Azide           Isotype         IgG2a           Purity         Immunogen affinity purified           Buffer         PBS (pH 7.3), 1.0% BSA and 50% Glycerol           Target Molecular Weight         74.9 kDa           Product Description         Mouse           Host         Mouse           Gene ID         54517           Gene Symbol         PUS7           Species         Human, Mouse, Rat, Canine, Primate, Monkey           Reactivity Notes         Please note that this antibody is reactive to Mouse and derived from the same host, Mouse-On-Mouse blocking reagent may be needed for IHC and ICC experiments to reduce high background signal. You can find these reagents under catalog numbers PK-2200-NB. Please contact Technical Support if you have any questions.           Immunogen         Full length human recombinant protein of human PUS7 (NP_061915) produced in HEX233T cell.           Product Application Details         Western Blot, Flow Cytometry, Immunocytochemistry/ Immunofluorescence           Recommended Dilutions         Western Blot 1:500-2000, Flow Cytometry 1:		
Concentration       1 mg/ml         Storage       Store at -20C. Avoid freeze-thaw cycles.
