DCIR/CLEC4A Antibody (MM0237-5P20) - Azide and BSA Free

| Product Information         |                                                                                                   |
|-----------------------------|---------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 mg                                                                                            |
| Concentration               | LYOPH mg/ml                                                                                       |
| Storage                     | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.            |
| Clonality                   | Monoclonal                                                                                        |
| Clone                       | MM0237-5P20                                                                                       |
| Preservative                | No Preservative                                                                                   |
| Reconstitution Instructions | Reconstitute with sterilized PBS to a final concentration of 0.5 mg/ml.                           |
| Isotype                     | IgG1                                                                                              |
| Purity                      | Protein G purified                                                                                |
| Buffer                      | Lyophilized from a 0.2 um filtered solution in PBS. 0.025 mg size is provided in liquid form, PBS |

| Product Description |                                                      |
|---------------------|------------------------------------------------------|
| Host                | Mouse                                                |
| Gene ID             | 50856                                                |
| Gene Symbol         | CLEC4A                                               |
| Species             | Human                                                |
| Immunogen           | Human recombinant DCIR/CLEC4A (extracellular domain) |

| Product Application Details |                                                                    |
|-----------------------------|--------------------------------------------------------------------|
| Applications                | Western Blot, Flow Cytometry, CyTOF-ready                          |
| Recommended Dilutions       | Western Blot 1:500-1:1000, Flow Cytometry 1:10-1:1000, CyTOF-ready |
| Application Notes           | This antibody is Cytof ready.                                      |
