## SPATA16 Antibody - BSA Free

### NBP2-13368

Unit Size: 0.1 ml

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

SPATA16 Antibody - BSA Free

| Product Information         |                                                                                                                                                                                          |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                                                                                   |
| Concentration               | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services.                                                                         |
| Storage                     | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                                                                                                   |
| Clonality                   | Polyclonal                                                                                                                                                                               |
| Preservative                | 0.02% Sodium Azide                                                                                                                                                                       |
| Isotype                     | IgG                                                                                                                                                                                      |
| Purity                      | Immunogen affinity purified                                                                                                                                                              |
| Buffer                      | PBS (pH 7.2) and 40% Glycerol                                                                                                                                                            |
| Product Description         |                                                                                                                                                                                          |
| Description                 | Novus Biologicals Rabbit SPATA16 Antibody - BSA Free (NBP2-13368) is a polyclonal antibody validated for use in IHC. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                        | Rabbit                                                                                                                                                                                   |
| Gene ID                     | 83893                                                                                                                                                                                    |
| Gene Symbol                 | SPATA16                                                                                                                                                                                  |
| Species                     | Human                                                                                                                                                                                    |
| Reactivity Notes            | Immunogen displays the following percentage of sequence identity for non-tested species: Mouse (82%), Rat (80%)                                                                          |
| Immunogen                   | This antibody was developed against a recombinant protein corresponding to the amino acids:<br>LQALHMLPQTVDWSSFPPQQYLLTLGFKNKDDGKFLEKISSRKLPIFTEHKTPF<br>GLTREDTVRQMETMGKRIL             |
| Product Application Details |                                                                                                                                                                                          |
| Applications                | Immunohistochemistry-Paraffin, Immunohistochemistry                                                                                                                                      |
| Recommended Dilutions       | Immunohistochemistry 1:500 - 1:1000, Immunohistochemistry-Paraffin 1:500 - 1:1000                                                                                                        |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.                                                                                                                                    |

## Images

Immunohistochemistry-Paraffin: SPATA16 Antibody [NBP2-13368] - Staining of human testis shows strong nuclear positivity in subset of cells in seminiferous ducts.

Immunohistochemistry-Paraffin: SPATA16 Antibody [NBP2-13368] - Staining of human endometrium shows low expression as expected.

Immunohistochemistry-Paraffin: SPATA16 Antibody [NBP2-13368] - Staining of human testis shows high expression.

Analysis in human testis and endometrium tissues using Anti-SPATA16 antibody. Corresponding SPATA16 RNA-seq data are presented for the same tissues.
