

# Product Datasheet

## POLR3H Antibody - BSA Free

### NBP2-13787

Unit Size: 0.1 ml

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

| Purity                      | Immunogen affinity purified                                                                                                                                                                 |
| Buffer                      | PBS (pH 7.2) and 40% Glycerol                                                                                                                                                               |
| Product Description         |                                                                                                                                                                                             |
| Host                        | Rabbit                                                                                                                                                                                      |
| Gene ID                     | 171568                                                                                                                                                                                      |
| Gene Symbol                 | POLR3H                                                                                                                                                                                      |
| Species                     | Human                                                                                                                                                                                       |
| Immunogen                   | This antibody was developed against a recombinant protein corresponding to the amino acids:<br>GFFDDILIPPESLQQPAKFDEAEQVWVWEYETEEGAHDLYMDTGEEIRFRVVD<br>ESFVDTSPTGPSSADATTSSSEELPKKEAPYTLVG |
| Product Application Details |                                                                                                                                                                                             |
| Applications                | Western Blot, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                  |
| Recommended Dilutions       | Western Blot 0.04-0.4 ug/ml, Immunohistochemistry 1:500 - 1:1000, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:500 - 1:1000                        |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended. For ICC/IF Fixation/Permeabilization: PFA/Triton X-100.                                                                               |

## Images

Western Blot: POLR3H Antibody [NBP2-13787] - Analysis in control (vector only transfected HEK293T lysate) and POLR3H over-expression lysate (Co-expressed with a C-terminal myc-DDK tag (3.1 kDa) in mammalian HEK293T cells).

Immunocytochemistry/Immunofluorescence: POLR3H Antibody [NBP2-13787] - Staining of human cell line A-431 shows localization to nucleoplasm & centrosome. Antibody staining is shown in green.

Immunohistochemistry-Paraffin: POLR3H Antibody [NBP2-13787] - Staining of human stomach, lower shows moderate nuclear positivity in glandular cells.
