**NBP2-14266****ADAMTS13 Antibody**

| <b>Product Information</b> |                                                                                                                  |
|----------------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>           | 0.1 ml                                                                                                           |
| <b>Concentration</b>       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| <b>Clonality</b>           | Polyclonal                                                                                                       |
| <b>Preservative</b>        | 0.02% Sodium Azide                                                                                               |
| <b>Isotype</b>             | IgG                                                                                                              |
| <b>Purity</b>              | Immunogen affinity purified                                                                                      |
| <b>Buffer</b>              | PBS (pH 7.2) and 40% Glycerol                                                                                    |

| <b>Product Description</b> |                                                                                                                                                                                                      |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>                | Rabbit                                                                                                                                                                                               |
| <b>Gene ID</b>             | 11093                                                                                                                                                                                                |
| <b>Gene Symbol</b>         | ADAMTS13                                                                                                                                                                                             |
| <b>Species</b>             | Human                                                                                                                                                                                                |
| <b>Reactivity Notes</b>    | Immunogen displays the following percentage of sequence identity for non-tested species: Mouse (80%)                                                                                                 |
| <b>Immunogen</b>           | This antibody was developed against a recombinant protein corresponding to the amino acids:<br>AHQEDTERYVLTNLNIGAELLRDPSLGAQFRVHLVKMVILTEPEGAPNITANLTS<br>SLLSVCGWSQTINPEDDTPGHADLVLYITRFDLELPDGNRQV |

| <b>Product Application Details</b> |                                                                             |
|------------------------------------|-----------------------------------------------------------------------------|
| <b>Applications</b>                | Immunohistochemistry, Immunohistochemistry-Paraffin                         |
| <b>Recommended Dilutions</b>       | Immunohistochemistry 1:20 - 1:50, Immunohistochemistry-Paraffin 1:20 - 1:50 |
| <b>Application Notes</b>           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.                       |

**Images**

Immunohistochemistry-Paraffin: ADAMTS13 Antibody [NBP2-14266] - Staining of human liver shows moderate cytoplasmic positivity in hepatocytes.
