**NBP2-16716****GPR10 Antibody****Product Information**

|                                |                                                                                                                  |
|--------------------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>               | 0.1 ml                                                                                                           |
| <b>Concentration</b>           | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>                 | Aliquot and store at -20C or -80C. Avoid freeze-thaw cycles.                                                     |
| <b>Clonality</b>               | Polyclonal                                                                                                       |
| <b>Preservative</b>            | 0.01% Thimerosal                                                                                                 |
| <b>Isotype</b>                 | IgG                                                                                                              |
| <b>Purity</b>                  | Immunogen affinity purified                                                                                      |
| <b>Buffer</b>                  | PBS (pH 7), 20% Glycerol                                                                                         |
| <b>Target Molecular Weight</b> | 41 kDa                                                                                                           |

**Product Description**

|                    |                                                                                                                         |
|--------------------|-------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>        | Rabbit                                                                                                                  |
| <b>Gene ID</b>     | 2834                                                                                                                    |
| <b>Gene Symbol</b> | PRLHR                                                                                                                   |
| <b>Species</b>     | Mouse                                                                                                                   |
| <b>Immunogen</b>   | Recombinant protein encompassing a sequence within the center region of human GPR10. The exact sequence is proprietary. |

**Product Application Details**

|                              |                           |
|------------------------------|---------------------------|
| <b>Applications</b>          | Western Blot              |
| <b>Recommended Dilutions</b> | Western Blot 1:500-1:3000 |
