**NBP2-20630****Thyroid receptor-interacting protein 13 Antibody - BSA Free**

| Product Information     |                                                                                                                  |
|-------------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size               | 0.1 ml                                                                                                           |
| Concentration           | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| Storage                 | Aliquot and store at -20C or -80C. Avoid freeze-thaw cycles.                                                     |
| Clonality               | Polyclonal                                                                                                       |
| Preservative            | 0.01% Thimerosal                                                                                                 |
| Isotype                 | IgG                                                                                                              |
| Purity                  | Antigen Affinity-purified                                                                                        |
| Buffer                  | 0.1M Tris (pH 7), 0.1M Glycine, 20% Glycerol                                                                     |
| Target Molecular Weight | 49 kDa                                                                                                           |

| Product Description |                                                                                                                                                                                                                         |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit Thyroid receptor-interacting protein 13 Antibody - BSA Free (NBP2-20630) is a polyclonal antibody validated for use in WB. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Rabbit                                                                                                                                                                                                                  |
| Gene ID             | 9319                                                                                                                                                                                                                    |
| Gene Symbol         | TRIP13                                                                                                                                                                                                                  |
| Species             | Human                                                                                                                                                                                                                   |
| Reactivity Notes    | Immunogen displays the following percentage of sequence identity for non-tested species: <i>Xenopus laevis</i> (84%), <i>Xenopus tropicalis</i> (83%), Chicken (86%).                                                   |
| Immunogen           | Recombinant protein encompassing a sequence within the center region of human Thyroid receptor-interacting protein 13. The exact sequence is proprietary.                                                               |

| Product Application Details |                           |
|-----------------------------|---------------------------|
| Applications                | Western Blot              |
| Recommended Dilutions       | Western Blot 1:500-1:3000 |
