CD31/PECAM-1 Antibody (WM59) [Alexa Fluor® 405]

Unit Size Concentration Please see the vial label for concentration. If unlisted please contact technical services. Storage Store at 4C in the dark. Clonality Monoclonal Clone WM59 Preservative 0.05% Sodium Azide Isotype IgG1 Conjugate Alexa Fluor 405 Purity Protein G purified Buffer 50mM Sodium Borate Product Description Host Gene ID 5175 Gene Symbol PECAM1 Species Human, Mouse, Primate Cross reacts with Cynomolgus Monkey and Rhesus Monkey, Please note that this antibody is reactive to Mouse and derived from the same host, Mouse. Additional Mouse on Mouse blocking steps may be required for IHC and ICC experiments. Please contact Technical Support for more information. Immunogen This CD31/PECAM-1 Antibody (WM59) was developed against human CD31. Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (Whether the buyer is an academic or for-profit entity). The sale of this product and reproduct only in research conducted by the buyer (Whether the buyer is an academic or for-profit entity). The sale of this product and is return for payment, (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing allicense to this product or its components: (i) in manufacturing; (ii) to provide a service, information, or Jata in return for payment, (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing all icense to this product or. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.	CD31/FECAM-1 Antibody (WM39) [Alexa Fidol® 403]	
Please see the vial label for concentration. If unlisted please contact technical services. Storage Store at 4C in the dark. Clonality Monoclonal Clone WM59 Preservative 0.05% Sodium Azide Isotype IgG1 Conjugate Alexa Fluor 405 Purity Protein G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 5175 Gene Symbol Species Human, Mouse, Primate Reactivity Notes Cross reacts with Cynomolgus Monkey and Rhesus Monkey. Please note that this antibody is reactive to Mouse and derived from the same host, Mouse. Additional Mouse on Mouse blocking steps may be required for IHC and ICC experiments. Please contact Technical Support for more information. Immunogen This CD31/PECAM-1 Antibody (WM59) was developed against human CD31. Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchased product and components of the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product conveys to the buyer than one transferable right to use the purchased product and components of the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or ris components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for its nade on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.
