|----------------------|----------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 mg                                                                                 |
| <b>Concentration</b> | 0.5 mg/ml                                                                              |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles. |
| <b>Clonality</b>     | Polyclonal                                                                             |
| <b>Preservative</b>  | 0.05% Sodium Azide                                                                     |
| <b>Isotype</b>       | IgG                                                                                    |
| <b>Purity</b>        | Protein A purified                                                                     |
| <b>Buffer</b>        | 0.2 ml PBS and 0.05% BSA                                                               |

**Product Description**

|                    |                                                                                      |
|--------------------|--------------------------------------------------------------------------------------|
| <b>Host</b>        | Rabbit                                                                               |
| <b>Gene ID</b>     | 55738                                                                                |
| <b>Gene Symbol</b> | ARFGAP1                                                                              |
| <b>Species</b>     | Human, Mouse, Rat                                                                    |
| <b>Immunogen</b>   | Within the range of amino acids 123-183 of human ArfGAP1 were used as the immunogen. |

**Product Application Details**

|                              |                            |
|------------------------------|----------------------------|
| <b>Applications</b>          | Western Blot               |
| <b>Recommended Dilutions</b> | Western Blot 2.0-3.0 ug/ml |

**Images**

Western Blot: ARFGAP1 Antibody [NBP2-24605] - Analysis of ArfGAP1 using 1) preimmune sera at 1:5000 in human heart and protein A purified this antibody at 2.0 ug/ml. Goat anti-rabbit Ig HRP secondary antibody and PicoTect ECL substrate solution were used for this test.
