**NBP2-27358****SPARC Antibody**

| <b>Product Information</b> |                                                                                        |
|----------------------------|----------------------------------------------------------------------------------------|
| <b>Unit Size</b>           | 0.1 mg                                                                                 |
| <b>Concentration</b>       | 0.5 mg/ml                                                                              |
| <b>Storage</b>             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles. |
| <b>Clonality</b>           | Polyclonal                                                                             |
| <b>Preservative</b>        | 0.05% Sodium Azide                                                                     |
| <b>Isotype</b>             | IgG                                                                                    |
| <b>Purity</b>              | Protein A purified                                                                     |
| <b>Buffer</b>              | PBS and 0.05% BSA                                                                      |

| <b>Product Description</b> |                                                                                                                                                                                    |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Novus Biologicals Rabbit SPARC Antibody (NBP2-27358) is a polyclonal antibody validated for use in IHC and WB. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>                | Rabbit                                                                                                                                                                             |
| <b>Gene ID</b>             | 6678                                                                                                                                                                               |
| <b>Gene Symbol</b>         | SPARC                                                                                                                                                                              |
| <b>Species</b>             | Human                                                                                                                                                                              |
| <b>Reactivity Notes</b>    | The amino acid sequence used as immunogen is 86% homologous in rabbit.                                                                                                             |
| <b>Immunogen</b>           | A portion of amino acids 25-85 of human SPARC was used as the immunogen for the antibody. (aa46-63).                                                                               |

| <b>Product Application Details</b> |                                                                                    |
|------------------------------------|------------------------------------------------------------------------------------|
| <b>Applications</b>                | Western Blot, Immunohistochemistry-Paraffin, Immunohistochemistry                  |
| <b>Recommended Dilutions</b>       | Western Blot 2-5ug/ml~, Immunohistochemistry, Immunohistochemistry-Paraffin 5ug/ml |

## Images

Western Blot: SPARC Antibody [NBP2-27358] - Analysis of human A375 lysate probed with SPARC antibody. Goat anti-rabbit IgG HRP secondary antibody and PicoTect ECL substrate solution were used for this test.

Immunohistochemistry-Paraffin: SPARC Antibody [NBP2-27358] - FFPE human placenta tissue stained with SPARC antibody, peroxidase-conjugate and DAB chromogen.
