| Buffer                      | PBS (pH 7.2) and 40% Glycerol                                                                                                                                                                        |
| Product Description         |                                                                                                                                                                                                      |
| Description                 | Novus Biologicals Rabbit RPL7 Antibody - BSA Free (NBP2-34111) is a polyclonal antibody validated for use in IHC, WB and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                        | Rabbit                                                                                                                                                                                               |
| Gene ID                     | 6129                                                                                                                                                                                                 |
| Gene Symbol                 | RPL7                                                                                                                                                                                                 |
| Species                     | Human                                                                                                                                                                                                |
| Reactivity Notes            | Immunogen displays the following percentage of sequence identity for non-tested species: Mouse (83%), Rat (85%)                                                                                      |
| Immunogen                   | This antibody was developed against a recombinant protein corresponding to amino acids:<br>VEEKKKEVPAVPETLKKKRRNFAELKIKRLRKKFAQKMLRKARRKLIY                                                          |
| Product Application Details |                                                                                                                                                                                                      |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                                                            |
| Recommended Dilutions       | Western Blot 0.04-0.4 ug/ml, Immunohistochemistry 1:200 - 1:500, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:200 - 1:500                                   |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.<br>Immunocytochemistry/Immunofluorescence Fixation Permeabilization: Use PFA/Triton X-100.                                                     |

## Images

Western Blot: RPL7 Antibody [NBP2-34111] - Lane 1: Marker [kDa] 250, 130, 95, 72, 55, 36, 28, 17, 10. Lane 2: Human cell line RT-4. Lane 3: Human cell line U-251MG sp

Immunocytochemistry/Immunofluorescence: RPL7 Antibody [NBP2-34111] - Staining of human cell line A-431 shows localization to nucleoli, cytosol & endoplasmic reticulum.

Immunohistochemistry-Paraffin: RPL7 Antibody [NBP2-34111] - Staining of human rectum shows strong cytoplasmic positivity in glandular cells.
