## **Product Datasheet**

# Human Follistatin Recombinant Protein NBP2-36594-5ug

Unit Size: 5 ug

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

### NBP2-36594-5ug

| Human Follistatin Recombinant Protein |   |
|---------------------------------------|---|
| Product Information                   |   |
| Unit Size                             | 5 ug  |
| Concentration                         | Lyoph   |
| Storage                               | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.  |
| Reconstitution Instructions           | Centrifuge prior to opening. Reconstitute with sterilized PBS to a final concentration of 0.1 mg/ml. Further dilutions should be made in appropriately buffered solutions.  |
| Purity                                | SDS-PAGE  |
| Product Description                   |   |
| Description                           | A single glycosylated polypeptide protein corresponding to amino acids Glu22 - Cys213 of IL2RA (P01589). <b>Source:</b> <i>Mouse myeloma cell line, NS0</i>   |
| Gene ID                               | 10468   |
| Gene Symbol                           | FST   |
| Species                               | Human   |
| Preparation Method                    | Lyophilized from a 0.2 um filtered concentrated solution in Acetonitrile and TFA.   |
| Details of Functionality              | The ED50, as determined by the inhibition of Activin A-mediated erythroid differentiation of human K562 cells, is less than 0.4 mg/mL.  |
| Notes                                 | This lyophilized preparation is stable at 2-8 degrees C, but should be kept at -20 degrees C for long term storage, preferably desiccated. Upon reconstitution, the preparation is most stable at -20 to -80 degrees C, and can be stored for one week at 2-8 degrees C. For maximal stability, apportion the reconstituted preparation into working aliquots and store at -20 degrees C to -80 degrees C. Avoid repeated freeze/thaw cycles. |
| Endotoxin Note                        | Less than 1 EU/ug of rHuFollistatin 300 as determined by LAL method.  |
| Product Application Details           |   |
| Applications                          | Functional, SDS-Page, Bioactivity   |

| <b>Product Application Details</b> |                                   |
|------------------------------------|-----------------------------------|
| Applications                       | Functional, SDS-Page, Bioactivity |
| Recommended Dilutions              | Functional, SDS-Page, Bioactivity |
