## SPATA5 Antibody - BSA Free

### NBP2-38302

Unit Size: 0.1 ml

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

| Buffer                      | PBS (pH 7.2) and 40% Glycerol                                                                                                                                                                          |
| Product Description         |                                                                                                                                                                                                        |
| Description                 | Novus Biologicals Rabbit SPATA5 Antibody - BSA Free (NBP2-38302) is a polyclonal antibody validated for use in IHC, WB and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                        | Rabbit                                                                                                                                                                                                 |
| Gene ID                     | 166378                                                                                                                                                                                                 |
| Gene Symbol                 | AFG2A                                                                                                                                                                                                  |
| Species                     | Human                                                                                                                                                                                                  |
| Immunogen                   | This antibody was developed against a recombinant protein corresponding to amino acids:<br>SLELSLQLSQLDLEDQTQIPSTRSTPYKPIDDRTNKASDVLLDVTQSPGDGSGLM<br>LEEVTGLKCNFESAREGNEQLT                           |
| Product Application Details |                                                                                                                                                                                                        |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunocytochemistry/Immunofluorescence, Immunohistochemistry                                                                                              |
| Recommended Dilutions       | Western Blot 0.04-0.4 ug/ml, Immunohistochemistry 1:500 - 1:1000, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:500 - 1:1000                                   |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.<br>Immunocytochemistry/Immunofluorescence Fixation Permeabilization: Use PFA/Triton X-100.                                                       |

## Images

Western Blot: SPATA5 Antibody [NBP2-38302] - Lane 1: Marker [kDa] 230, 130, 95, 72, 56, 36, 28, 17, 11. Lane 2: Human cell line RT-4. Lane 3: Human cell line U-251MG. Lane 4: Human Plasma. Lane 5: Human liver tissue. Lane 6: Human tonsil tissue

Immunocytochemistry/Immunofluorescence: SPATA5 Antibody [NBP2-38302] - Staining of human cell line U-2 OS shows positivity in cytoplasm. Antibody staining is shown in green.

Immunohistochemistry-Paraffin: SPATA5 Antibody [NBP2-38302] - Staining of human testis shows strong cytoplasmic positivity in cells in seminiferous ducts.
