**NBP2-38343**

NUDCD2 Antibody - BSA Free

| Product Information |                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                                           |
| Concentration       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| Clonality           | Polyclonal                                                                                                       |
| Preservative        | 0.02% Sodium Azide                                                                                               |
| Isotype             | IgG                                                                                                              |
| Purity              | Immunogen affinity purified                                                                                      |
| Buffer              | PBS (pH 7.2) and 40% Glycerol                                                                                    |

| Product Description |                                                                                                                                                                                                |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit NUDCD2 Antibody - BSA Free (NBP2-38343) is a polyclonal antibody validated for use in IHC and WB. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Rabbit                                                                                                                                                                                         |
| Gene ID             | 134492                                                                                                                                                                                         |
| Gene Symbol         | NUDCD2                                                                                                                                                                                         |
| Species             | Human                                                                                                                                                                                          |
| Immunogen           | This antibody was developed against a recombinant protein corresponding to amino acids:<br>LFDSTIADEGTWTLED RK MVRIVLTKTKRDAANCWTSLLSEYAADPWVQDQM<br>QRKLT LERFQKENPGFDFSGAEISGNYTKGGPDF       |

| Product Application Details |                                                                                                          |
|-----------------------------|----------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunohistochemistry                                        |
| Recommended Dilutions       | Western Blot 0.04-0.4 ug/ml, Immunohistochemistry 1:20 - 1:50, Immunohistochemistry-Paraffin 1:20 - 1:50 |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.                                                    |

## Images

Western Blot: NUDCD2 Antibody [NBP2-38343] - Lane 1: Marker [kDa] 250, 130, 95, 72, 55, 36, 28, 17, 10. Lane 2: Human cell line RT-4. Lane 3: Human cell line U-251MG

Immunohistochemistry-Paraffin: NUDCD2 Antibody [NBP2-38343] - Staining of human fallopian tube shows cytoplasmic positivity in glandular cells.
