## LRRC23 Antibody - BSA Free

### NBP2-38827

Unit Size: 0.1 ml

Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.

| Buffer                      | PBS (pH 7.2) and 40% Glycerol                                                                                                                                                                      |
| Product Description         |                                                                                                                                                                                                    |
| Description                 | Novus Biologicals Rabbit LRRC23 Antibody - BSA Free (NBP2-38827) is a polyclonal antibody validated for use in IHC and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                        | Rabbit                                                                                                                                                                                             |
| Gene ID                     | 10233                                                                                                                                                                                              |
| Gene Symbol                 | LRRC23                                                                                                                                                                                             |
| Species                     | Human                                                                                                                                                                                              |
| Reactivity Notes            | Immunogen displays the following percentage of sequence identity for non-tested species: Mouse (84%), Rat (81%)                                                                                    |
| Immunogen                   | This antibody was developed against a recombinant protein corresponding to amino acids:<br>LKADGNRLRSAQMNELPYLQIASFAYNQITDTEGISHPRLETNLKGNLSIHMVTG<br>LDPEKLISLHTVELRGNQLESTLGINLPKLKNLYLA         |
| Product Application Details |                                                                                                                                                                                                    |
| Applications                | Immunohistochemistry-Paraffin, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry                                                                                                       |
| Recommended Dilutions       | Immunohistochemistry 1:50 - 1:200, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml, Immunohistochemistry-Paraffin 1:50 - 1:200                                                                |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.<br>Immunocytochemistry/Immunofluorescence Fixation Permeabilization: Use PFA/Triton X-100.                                                   |

## Images

Immunocytochemistry/Immunofluorescence: LRRC23 Antibody [NBP2-38827] - Immunofluorescent staining of human cell line A549 shows localization to nucleoli.

Immunohistochemistry-Paraffin: LRRC23 Antibody [NBP2-38827] - Staining in human fallopian tube and prostate tissues using anti-LRRC23 antibody. Corresponding LRRC23 RNA-seq data are presented for the same tissues.

Immunohistochemistry-Paraffin: LRRC23 Antibody [NBP2-38827] - Staining of human fallopian tube shows high expression.

Immunohistochemistry-Paraffin: LRRC23 Antibody [NBP2-38827] - Staining of human prostate shows low expression as expected.
