**NBP2-38950**

Kallikrein 7 Antibody - BSA Free

**Product Information**

|                      |                                                                                                                  |
|----------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 ml                                                                                                           |
| <b>Concentration</b> | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| <b>Clonality</b>     | Polyclonal                                                                                                       |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                                               |
| <b>Isotype</b>       | IgG                                                                                                              |
| <b>Purity</b>        | Immunogen affinity purified                                                                                      |
| <b>Buffer</b>        | PBS (pH 7.2) and 40% Glycerol                                                                                    |

**Product Description**

|                    |                                                                                                                                                                                                      |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Rabbit Kallikrein 7 Antibody - BSA Free (NBP2-38950) is a polyclonal antibody validated for use in IHC and WB. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>        | Rabbit                                                                                                                                                                                               |
| <b>Gene ID</b>     | 5650                                                                                                                                                                                                 |
| <b>Gene Symbol</b> | KLK7                                                                                                                                                                                                 |
| <b>Species</b>     | Human                                                                                                                                                                                                |
| <b>Immunogen</b>   | This antibody was developed against a recombinant protein corresponding to amino acids:<br>AHCKMNEYTVHLGSDTLGDRRAQRIKASKSFRHPGYSTQTHVNDLMLVKLNS<br>QARLSSM                                           |

**Product Application Details**

|                              |                                                                                                                  |
|------------------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, Immunohistochemistry-Paraffin, Immunohistochemistry                                                |
| <b>Recommended Dilutions</b> | Western Blot 0.04-0.4 ug/ml, Immunohistochemistry 1:1000 - 1:2500, Immunohistochemistry-Paraffin 1:1000 - 1:2500 |
| <b>Application Notes</b>     | For IHC-Paraffin, HIER pH 6 retrieval is recommended.                                                            |

**Images**

Immunohistochemistry-Paraffin: Kallikrein 7 Antibody [NBP2-38950] - Analysis in human skin and skeletal muscle tissues. Corresponding KLK7 RNA-seq data are presented for the same tissues.

Western Blot: Kallikrein 7 Antibody [NBP2-38950] - Analysis in control (vector only transfected HEK293T lysate) and KLK7 over-expression lysate (Co-expressed with a C-terminal myc-DDK tag (3.1 kDa) in mammalian HEK293T cells).

Immunohistochemistry-Paraffin: Kallikrein 7 Antibody [NBP2-38950] - Staining of human skeletal muscle shows no positivity in myocytes as expected.

Immunohistochemistry-Paraffin: Kallikrein 7 Antibody [NBP2-38950] - Staining of human skin shows weak to moderate cytoplasmic positivity in keratinocytes.

Immunohistochemistry-Paraffin: Kallikrein 7 Antibody [NBP2-38950] - Staining of human tonsil shows moderate to strong cytoplasmic positivity in granulocytes.

Immunohistochemistry-Paraffin: Kallikrein 7 Antibody [NBP2-38950] - Staining of human cerebral cortex shows no positivity in neurons as expected.
