**NBP2-45639**

FCRLB/FCRY Antibody (OTI5H6)

**Product Information**

|                      |                                          |
|----------------------|------------------------------------------|
| <b>Unit Size</b>     | 0.1 ml                                   |
| <b>Concentration</b> | 1 mg/ml                                  |
| <b>Storage</b>       | Store at -20C. Avoid freeze-thaw cycles. |
| <b>Clonality</b>     | Monoclonal                               |
| <b>Clone</b>         | OTI5H6                                   |
| <b>Preservative</b>  | 0.02% Sodium Azide                       |
| <b>Isotype</b>       | IgG2b                                    |
| <b>Purity</b>        | Immunogen affinity purified              |
| <b>Buffer</b>        | PBS (pH 7.3), 1.0% BSA and 50% Glycerol  |

**Product Description**

|                    |                                                                                                                                                                                         |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Mouse FCRLB/FCRY Antibody (OTI5H6) (NBP2-45639) is a monoclonal antibody validated for use in WB. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>        | Mouse                                                                                                                                                                                   |
| <b>Gene ID</b>     | 127943                                                                                                                                                                                  |
| <b>Gene Symbol</b> | FCRLB                                                                                                                                                                                   |
| <b>Species</b>     | Human, Rat                                                                                                                                                                              |
| <b>Immunogen</b>   | Human recombinant protein fragment corresponding to amino acids 202-426 of human FCRLB(NP_001002901) produced in E.coli.                                                                |

**Product Application Details**

|                              |                     |
|------------------------------|---------------------|
| <b>Applications</b>          | Western Blot        |
| <b>Recommended Dilutions</b> | Western Blot 1:2000 |

**Images**

Western Blot: FCRLB/FCRY Antibody (OTI5H6) [NBP2-45639] - HEK293T cells were transfected with the pCMV6-ENTRY control (Left lane) or pCMV6-ENTRY FCRLB (Right lane) cDNA for 48 hrs and lysed. Equivalent amounts of cell lysates (5 ug per lane) were separated by SDS-PAGE and immunoblotted with anti-FCRLB.
