#### NBP2-13904PEP

DDT Recombinant Protein Antigen

services.         Storage       Store at -20C. Avoid freeze-thaw cycles.         Preservative       No Preservative         Purity       >80% by SDS-PAGE and Coomassie blue staining         Buffer       PBS and 1M Urea, pH 7.4.         Target Molecular Weight       21 kDa         Product Description       A recombinant protein antigen with a N-terminal His6-ABP tag corresponding human DDT.         Source: E. coli       Amino Acid Sequence: LALGQDRILIRFFPLESWQIGKIGTVMT         Fusion Tag: N-terminal His6ABP (ABP = Albumin Binding Protein derived from Streptococcal Protein G)       This product is intended to be used as a blocking antigen for antibody competition assays. Any other use of this antigen is done at the risk of the same and questions.         Gene ID       1652         Gene Symbol       DT         Species       Human         Product Application Details         Applications       Antibody Competition         Recommended Dilutions       Antibody Competition 10 - 100 molar excess         Application Notes       This recombinant antigen is only intended to be used as a blocking agent to confirm antibody specificily with the corresponding antibody, catalog number NBP2-13904.		<b>v</b>
Concentration       Please see the vial label for concentration. If unlisted please contact technical services.         Storage       Store at -20C. Avoid freeze-thaw cycles.         Preservative       No Preservative         Purity       >80% by SDS-PAGE and Coomassie blue staining         Buffer       PBS and 1M Urea, pH 7.4.         Target Molecular Weight       21 kDa         Product Description       A recombinant protein antigen with a N-terminal His6-ABP tag corresponding human DDT.         Source:       E. coli         Amino Acid Sequence: LALGQDRILIRFFPLESWQIGKIGTVMT         Fusion Tag:       N-terminal His6ABP (ABP = Albumin Binding Protein derived fro Streptococcal Protein G)         This product is intended to be used as a blocking antigen for antibody competition assays. Any other use of this antigen is done at the risk of user. The use of this product for commercial production is strictly prohibited. Please contact technical support if you have any questions.         Gene ID       1652         Gene Symbol       DDT         Species       Human         Product Application Details       Antibody Competition Recenses         Applications       Antibody Competition 10 - 100 molar excess         Application Notes       This recombinant antigen is only intended to be used as a blocking agent to confirm antibody specificity with the corresponding antibody, catalog number NP2-13904.
