| Product Description         |                                                                                                                                                                                                                  |
| Description                 | Novus Biologicals Mouse Natural Killer Cell Antibody (H25) - BSA Free (NBP2-50526) is a monoclonal antibody validated for use in IHC and IP. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                        | Mouse                                                                                                                                                                                                            |
| Species                     | Human                                                                                                                                                                                                            |
| Immunogen                   | HSE-2 cell line                                                                                                                                                                                                  |
| Product Application Details |                                                                                                                                                                                                                  |
| Applications                | Immunohistochemistry, Immunoprecipitation, Radioimmunoassay                                                                                                                                                      |
| Recommended Dilutions       | Immunohistochemistry 1:10 - 1:500, Immunoprecipitation 1:10 - 1:500, Radioimmunoassay 1:100 - 1:2000                                                                                                             |
| Application Notes           | Tissue Distribution: Subpopulation (5-20%) of PB T Lymphocytes with Natural killer cell activity and morphology (large granular lymphocytes). Subpopulation (variable) of monocytes and thymocytes.              |
